GENUINE ALPINE VILLAGE

There are still a number of farmers in Vaujany using traditional methods and our chalets in La Villette enjoy the daily comings and goings of goats and cows.

The village enjoys superb views of the wooded valley below and the snowy mountain tops above stretching to 3,500 metres.

Surrounding meadows and pastures are ablaze with wild flowers in early summer and you have only to take the cable car to find a wide variety of alpenes higher up.

There are about 400 chamois in the vicinity. A walk beneath the Rissiou ridge will often be rewarded with exciting glimpses of these astonishing mountain goats and a pair of eagles occasionally make an appearance.

Needless to say, there are some excellent 'watering holes' including the Chardon Bleu and Tennis Club at La Villette, the Hotel Rissiou and La Remise in Vaujany, and the Auberge Passoud in Enversin.

VAUJANY VILLAGE

Vaujany is an unspoiled mountain village where farming families have lived for generations tending their animals and where you can still buy cheeses and honey from some of the locals. It also benefits from a modern swimming pool and sports complex, a tennis club with six hard courts, a cable-car, a spacious day nursery and a children's activity club.

Chalet Saskia – Vaujany

This charming stand-alone chalet in an ancient farming hamlet is divided into two halves, mirror images of each other. The unfussy sitting and dining rooms are large and comfortable with polished wood floors. The central hub is a glass fronted kitchen, where you can watch handsome chef Marcus Cull at work; he is the real reason to choose Saskia – his herb crusted loin of lamb with Parmesan polenta and roast vegetable salad is to die for.

Guide

We have recently landscaped and planted Saskia's garden so that it properly compliments this fantastic chalet. The roses and lavender do very well, they love the long sunny days on this south facing meadow. The terrace is a beautiful place to relax with stunning views of the mountain peaks, the impressive waterfall and the wooded valley below. Take a lounger and soak up some rays with a bottle of rosé by your side. Enjoy some peace and quiet whilst the others are climbing, paragliding and white-water rafting!

LA VILLETTE

La Villette is the quintessential alpine hamlet with an almost unique ambience that effortlessly recalls times gone by - the jingle of the goats' bells as they set off in the morning for the pastures, the faint smell of the farmyard, the neighbours going about their daily tasks, always pleased to chat and recount their stories. Our three self-catering chalets are huddled together in the middle of La Villette and have their own parking area alongside and a store-room suitable for bicycles and other outdoor equipment.

HOTEL RISSIOU

A well established and much loved traditional village hotel, the Rissiou has a two star rating in the well known French accommodation bible, Logis de France. The hotel is owned and managed by a charming French family and the cuisine is of a very high standard.

With only 20 rooms, there's no danger of that impersonal feeling often found in big hotels. Most rooms have south-facing balconies and all are en-suite with shower or bath. The warm and friendly atmosphere means it's easy to get talking to other guests, and with a bar, TV room and sauna on site, you don't have to go far for some non-energetic, light entertainment. It's also conveniently located, just a 3 minute walk from the cable-car station and 10 minutes from the swimming-pool and sports centre.

Recently built in a traditional Alpine style, these spacious apartments blend in with the surroundings and are tastefully furnished. All the apartments have been carefully planned and meticulously equipped and there is mini-golf and a barbecue area in the garden. Located near local shops and restaurants, they all have an open fireplace and generous balconies on which to contemplate the day's achievements as you look out at the impressive Grandes Rousses Mountains.

OISANS APARTMENTS

For those with children in the activity clubs the rendezvous place is just 100 metres from the Oisans Apartments. There are ten apartments in all, accommodating groups from two to eleven people. All the apartments have plenty of bathrooms and linen is provided.

KIDS CLUBS

VAUJANY

Vaujany is the perfect destination for an alpine holiday being a peaceful mountain village with stunning scenery and providing a range of facilities that will appeal to families and individuals alike. The swimming pool and sports complex, opened in the summer of 1999, has a 25m swimming pool with water slide, sports hall, gymnasium, sauna and steam room.

The 160-person cable car runs six times a day from Vaujany during July and August. The first section takes you to 2,100m where there is pleasant walking beside a string of small lakes and distant views of the surrounding mountains. The second section

climbs to 2,800m where you will find yourself close to the 'Glacier des Rousses' and from where you can walk back to Vaujany via the Col de Couard or via the La Fare mountain hut. The tennis club is a wonderful facility where, apart from the obvious, you can relax, soaking up the atmosphere with a drink in hand, followed perhaps by lunch on the terrace. If the children can't keep still there is the playground 50 metres away!

A little train trundles around the village allowing you to leave your car behind if you want to visit the shops in Vaujany – a small supermarket, newsagent, bakery and three sports shops.

The Chardon Bleu

All over France work stops between 12 noon and 2:00pm so people can indulge themselves in a good lunch! Vaujany has its share of good restaurants and, apart from the tennis club, there is the choice of the attractive restaurant of the Hotel Rissiou by the village fountain in Vaujany, the pizzeria 'La Remise' up at the Galerie where the shops are situated, the charming Chardon Bleu at La Villette and the Auberge Passoud at Enversin on the opposite side of the valley.

Whatever your passion we hope you will choose to visit Vaujany in the summer.
